

## Nonsense Makes Sense Poem

Compose a 3-7 stanza poem that uses nonsensical words grammatically correct. Only 1/5 of the words need to be nonsense words, but their placement among the sensible words should show their grammatical accuracy. Be sure to use punctuation and occasional rhyming. Use Lewis Carroll's poem "Jabberwocky" as a guide to imitate. You may choose your own topic and situation for the poem. By adding an original illustration, you will gain extra credit. Good luck! Have fun!
